

Task Brief

- Design a lesson plan around the subject of Ocean Plastics.
- The lesson should last for 45 minutes.
- The audience is upper Key Stage 2.

You should include;

- A description of the session.
- What resources you would use.
- Learning outcomes for the session.
- How you would evaluate the learning outcomes.
- What methods of interaction you will use.
- What parts of school curricula would be supported by the session.
- How does it relate to Colchester Zoos animals and operations.

This plan must all be presented logically and clearly on 1 side of A4. Please attach your plan along with covering letter and application form to an email to andymoore@colchesterzoo.org
